

ASHLAND CITY SCHOOLS

Board Adopted Quarantine Protocols

Effective September 16th, 2021

- Students who are exhibiting symptoms of illness are quarantined (isolated) until recovered from symptoms or are fever-free or have a negative COVID-19 antigen test.
- Students who are positive to a COVID-19 antigen test are quarantined (isolated) for ten (10) days or once they test negative to a COVID-19 antigen test the student can be released from quarantine.
- If a student has close contact with a person at school who has tested positive for COVID-19, the administration will contact the student's parent/caregiver to inform them the student was in close contact with a positive person. In accordance with CDC guidelines, the parent/caregiver should consider the close contact student be tested with a COVID-19 antigen test after 48 hours. If the student tests positive, they will quarantine per the above procedures. Parents/caregivers should continue to monitor the close contact student for symptoms of COVID-19.
- Close contacts are not quarantined and are eligible to participate in all school activities. Parents/caregivers should continue to monitor the close contact student for symptoms of COVID-19.
- If a close contact student does quarantine voluntarily, they will not face penalties if work is made up.

*A close contact person is any person exposed to an individual that tested positive for COVID-19.

**The person who tested positive for COVID-19 should follow standard isolation procedures.
