YOUR STUDENT'S NAME WILL BE
"SUMMER READING"

MESSAGES SENT ON CLASS
DOJO WILL BE SEEN BY ALL
PARTICIPANTS.

Why should you read?

- Children can learn between 4,000 and 12,000 new words through book reading in a single year. Encouraging kids to read more can make a huge difference for them as adults.
- Students who read widely and frequently are higher achievers than students who read rarely and narrowly.
- "Reading a lot" is one of the most powerful methods of increasing fluency, vocabulary, and comprehension.
- Studies have proven that increased family engagement in educational programs is linked with increases in child reading achievement and other academic successes (such as high school graduation rates.)

The MORE
that you read,
the MORE things
you will know.
The MORE that you
Learn,
the MORE places you'll go.

My student has trouble reading....

That's okay! They want to spend time with you! Reading books aloud to children stimulates their imagination and expands their understanding of the world.

15 minutes is too long!

That's okay! Set your own goals. Our goal for this program is to get the students to enjoy reading. It is okay to adjust to your own needs! Still record your time!

Do it together!

Reading with your student is a great way to do an activity together. No matter what level they are reading, doing this together is a great way to bond and be involved in their learning. This summer program is made to be fun and get excited about reading!
